ELECTED NEW OFFICERS

Trades Council Had a Stirring Session.

JOINED THE STATE ASSEMBLY

An Important Resolution Passed Without Protest—Attorney Brookes Gave an Important Opinion—Non-Union Goods Discussed—A Per Capita Tax.

The meeting of Trades council last night was among the most important and interesting ever held by the organization.

There was an unusually good attendance when President Weisend called the meeting to order. C. J. Martin, Thomas Osborn, John McDowell, Samuel Eardley and Greenwood Firth were seated as delegates from the pressers, and M. Cochran was given a place among the representation of kilnmen. William Jackson, Mike Fisher and George Eckes were accepted as delegates from the motormen, and the Musical union notified the council that William Beardmore, Harry Farrell and J. E. Elwell had been reinstated. The council approved.

A communication received from the iron molders of North America notified council of a firm in Milwaukee engaged in the manufacture of ranges with non-union labor, and a letter from Newburg said a concern there were making pants with non-union workmen. Another communication came from the State Trades assembly, and invited the council to send delegates to the convention to be held in Columbus the first Tuesday in January.

The report of the treasurer was referred to the auditing committee, and a resolution was adopted joining the council to the state organization. Delegates were instructed to ascertain the exact number of members in their respective locals, in order that a per capita tax might be levied.

The report of the legislative committee was submitted by Samuel Eardley in a written opinion from J. H. Brookes, the attorney whose view of the movement to establish a city scale was sought. Mr. Brookes pointed out that council had already passed a number of ordinances which, if enforced, might answer every purpose of the council. He also called attention to that portion of the state law which says that all sales of coal shall be by weight instead of measurement, where the facilities can be had. Mr. Brookes regretted that the limited time allowed him did not permit a more extensive search of the authorities upon the subject.

A lengthy discussion on union made goods was the next feature of the meeting, and the attitude of retail merchants toward the product of non-union factories brought out many expressions. The election of officers resulted as follows: President, J. J. Weisend; vice president, O. D. Nice; recording secretary, D. H. Yant; financial secretary, Thomas Hodge; treasurer, Wm. Ruhe. The election of other officers was held over until the next meeting when those chosen last night will be obligated.

ANOTHER CHANCE.

Mayor Gilbert Was Not Severe on the Boys.

Newell Buzzard and Leonard Bradley, lads against whom charges were made by Truant Officer Beardmore for failure to attend school, were summoned before Mayor Gilbert last evening, but were allowed to return to their homes until this morning. The lads were severely lectured by the mayor upon the evils of playing truant. They begged hard to be let off this time. After deliberating, Mayor Gilbert decided not to impose the penalty upon the lads, and dismissed them with the warning that if they remained away from school without good cause for even half a day they would be arrested. The case against the Feustel lads will probably be dropped, as they are attending school regularly.

A GENERAL MEETING.

Association Members Will Elect Directors.

A general meeting of the Young Men's Christian association has been called for this evening, and a large attendance is expected. The object is to elect 11 members of the board of trustees. The board is made up of 15 members of the association, but four of these were elected several weeks ago. The board will be reorganized after the selections have been made.

SPECIAL MEETINGS

Will Be Held at the Methodist Protestant Church.

Commencing the first Sunday in December, protracted meetings will be

held at the Methodist Protestant church. They will continue two weeks, and will be in charge of Reverend Hastings, of Toronto. The congregation have given up all hope of securing a pastor until after the first of the new year. Many members favor engaging Reverend Anthony, of Castle Shannon, Pa., who occupied the pulpit of the church last Sunday. The gentleman is accomplished, and has rare ability as a preacher.

HE LIKES WOMEN.

Uncle Sam Wants Them to Keep the Lights on the River.

The government has in this district 531 beacon lights that are to be kept in order the year around and lights at certain hours for the guidance of floating steam craft. These lights are located and supplied by the beacon light steamer Golden Rod, which makes quarterly trips between Cincinnati and Pittsburgh, the Kanawha, lower Ohio and upper Tennessee, as far as Florence, Ala. The distance covered is 3,000 miles. About one-fifth of the lightkeepers are women, and it seems as though the women would eventually be exclusively the light tenders. Should such be the case, 531 votes in this territory will be lost, not counting the influence that these 531 may have with other males. Men are hard to get because the pay for keeping the lamps in order is small, ranging from \$5 to \$12 per month. Women make the best keepers, as they are more careful than the men as a rule.

THE TEMPERANCE SUNDAY.

It Will Be Observed In This City on Nov. 29.

The Women's Christian Temperance union are making an effort to have the churches observe Nov. 29 as temperance Sunday. The movement has been endorsed by the general assemblies of the Presbyterian and United Presbyterian churches, triennial council of Congregationalists, and the general conference of the Methodist Episcopal church. The movement in this city has been officially endorsed by Dr. J. C. Taggart, Dr. J. M. Huston, and Rev. O. S. Reed. It is recommended that a Bible temperance lesson be given in the Sunday schools, and temperance be preached, while it is asked that temperance be referred to in the young people's meeting.

BY THE DOZEN

Have Tramps Been Going Through the City.

The warm weather seems to have brought out the tramps again, and they are passing along the Cleveland and Pittsburgh by the dozen. One party of 13 went down the river last night, and another crowd were seen this morning. They always spend the night at some of the brick plants along the river, and only move when driven away by the workmen or hunger. A colony of 22 were counted at the Walker works one night this week. There have been no reports of annoyance from tramps in the city.

IT IS UNLAWFUL

To Buy or Sell Quail Shot in the State of Ohio.

Many people are not aware that the law prohibits the purchase or sale of quail killed in this state. The law was somewhat ambiguous, and at the request of Chief Game Warden Rentlinger, Attorney General Monnett has just rendered an opinion. He holds that according to the law no person is allowed to sell quail he has killed in Ohio, nor is a merchant allowed to buy quail slain in the state during the open season. Merchants must buy their quail from parties living in another state.

A CHEMIST

Will Soon Be Installed at the Dresden Pottery.

A laboratory will in the near future be installed at the Dresden pottery. Officials of the company have for some time been considering the advisability of the venture, and have decided that it would be a paying investment. An experienced chemist will be placed in charge of the laboratory, and it will be his duty to detect defects in the material used in the manufacture of ware. The experiment will be watched with interest by other manufacturing concerns.

THEY SETTLED IT.

Thomas Mackey and His Wife on Good Terms.

The case brought against Thomas Mackey by his divorced wife has terminated amicably, and the matter dropped. A compromise was effected by the attorneys who had the affair in charge. The testimony given before Judge Smith showed that, although Mackey had not given his wife the full amount of alimony ordered by the court, he had more than compensated for this by purchasing clothing for the children.

SOME TIME PERHAPS

The Canton & East Liverpool Will Be Built.

NOTHING IS BEING DONE NOW

All Thought of the Line Was Thrown Away When the Silver Craze Came to Curse the Nation, and the Project Has Not Been Taken Up.

Those people who have been fondly hoping the Canton & East Liverpool railway would be built next year can nurse their expectations yet a little longer, for the project is not in the condition many persons believe.

After the surveys were completed last winter and it was expected work would begin as soon as spring allowed the contractors to start, the country began to talk silver. With every day the wave grew stronger and gathered force, until capital seeking investment was driven from view. Dozens of projects were tied up, and among them was the railroad in question. Nothing was said about it, and questions put to those in authority only brought answers which meant much or little, if they meant anything at all. Throughout the entire summer the project lay dead, and dead it is today. The NEWS REVIEW learned that no active steps had been taken to bring it to life, and the intentions of the projectors were not now to be given out. The Canton and East Liverpool may be built some day, but it certainly does not seem as though any steps looking to its completion within the next year or two, were about to be taken.

ANNUAL MEETING.

The Bible Society Elected Officers and Heard Reports.

The Bible society held their annual meeting yesterday afternoon at the First U. P. church. The officers were elected with the exception of Mrs. Monroe Patterson who will hereafter represent the First M. E. church in the society. Yearly reports were read, and showed the society to be in a flourishing condition. The resignation of Mrs. J. C. Allison was accepted, and Mrs. R. B. Stevenson and Mrs. Mear appointed to secure another depository. After deciding to call a special meeting to confer with the ministers, in regard to the holding of a meeting in the interests of the society in each of the churches, the session adjourned.

HAD THE DEEDS.

George Bucheit Would Allow No Building on His Land.

Yesterday morning the Standard Oil company began preparations for the erection of an oil tank on the land lying opposite the Cleveland and Pittsburgh platform, and owned by George Bucheit. The workmen were unaware of this and believed the ground belonged to the Standard Oil company. When Mr. Bucheit was notified of the taking of his possessions he immediately produced the deeds, and clearly proved his claim of ownership. Colonel Hill examined the documents, and advised that the building of the tank be stopped at once.

EIGHT PIGEONS

Was the Price of a Troublesome Horse.

Charles Willison, the boy who was arrested yesterday afternoon by Humane Agent Lloyd for cruelty to animals, had his trial this morning before Squire Rose, and was dismissed, as the lad proved he had been feeding the animal, and was guilty of no offense but letting it run loose. Willison testified he had purchased the horse from a man named Beech a week ago for eight pigeons, and sold it last evening to Bill Farmer for a mouth organ and a torch. The animal in question is an old bay horse which looks as though it might easily fall to pieces.

IN TONAWANDA.

Arthur Gazely Has Taken Up a New Position.

Arthur Gazely, who was for several years the secretary of the local Young Men's Christian Association, has again taken up the work, and word received here today says he has taken charge of the association at Tonawanda, N. Y. Mr. Gazely has had much experience in association work, and his success has been marked. The position taken by Mr. Gazely is a most desirable place.

OVER A THOUSAND

Are Now Confined in the Newburg Asylum.

There are at present confined in the county infirmary a number of insane patients who can not be received at the

Newburg asylum. That institution is filled to overflowing, the report for the month showing 1,047 on the list. It is thought that other arrangements will be made before next year, whereby ample quarters will be provided. The cost of maintaining each patient last year was \$129.

ONLY EIGHT MEN

Were Eligible to Enlistment in the Naval Reserve.

The meeting called last evening to organize a naval reserve was not largely attended, but the matter was ably explained by George C. Simms and Charles Hickman. Upon investigation it was discovered only eight men present were eligible to sign the roll. Their names were taken, and the projectors of the plan will work it privately until the required list of 28 names is secured. It will then be forwarded for enrollment papers. They expect to have no trouble in securing the list, and as the company can be increased to 80 men it is confidently expected it will soon reach that number.

PAID THE BILL.

Then the Case Against Young Hughes Was Withdrawn.

John A. Hughes, the young man arrested by Constable Lyon on a charge of theft preferred by John W. Hall, spent yesterday afternoon in finding enough money to settle the claim of \$10.35 and the costs of the case. When he appeared with the money the charge against him was withdrawn. Had the case been pushed the young man would have passed through an interesting experience.

DISMISSED THE CASE.

That Goose Trial Came to a Sudden End.

After hearing all the evidence and the arguments yesterday afternoon, Squire Morley dismissed Elsie Vandine, who was charged by W. H. McLean with stealing a goose. A dozen witnesses were present, and the testimony was calculated to bring laughter from the most dignified, and it was only with the greatest effort that the squire succeeded in keeping his face straight.

A DANGEROUS PLACE.

Green Lane Is in Need of Improvements.

The condition of Green lane, where it is crossed by Spring street, excites comment. Gutters several feet deep bound each side of the street, and they have become so dangerous that wagons have fallen into the ruts, and have been damaged. Commissioner Finley believes the gutters should be paved, and cannot find any other means of improvement to answer the purpose.

RED HOT COALS.

They Caused a Little Excitement at a Pottery.

An employe named Murray, who does odd work at the East Liverpool pottery, shoveled a quantity of red hot coals from a kiln, yesterday, into a wheelbarrow. He walked away, and returning in a few minutes found the barrow ablaze. Hastily procuring a bucket of water he soon extinguished the fire, and the excitement came to a sudden end.

A CHIMNEY BLAZE.

The Department Had a Run Last Evening.

Last evening about 6 o'clock the fire department discovered flames issuing from a chimney at the residence of John Pettitcord, on Lincoln avenue. A run was made, and when they arrived the fire was in full blast. An investigation showed no damage would result, but the lady of the house was advised to put salt on the fire.

A MISSING HORSE.

Frank Densmore's Animal Disappeared.

Several days ago Frank Densmore, of California hollow, purchased a horse from a farmer who lives beyond Beaver creek. Yesterday morning the animal was missing from the stable, and a thorough search failed to locate it. It is believed the horse got out of the stable, and returned to its former home in Pennsylvania.

A DRUNKEN QUARTET.

They Made an Awful Row on Jefferson Street.

Three women and a male companion, all under the influence of liquor, drove down Jefferson street in a buggy last night. They plied the whip, and urged the horse to the top of its speed. Their drunken shouts aroused the neighborhood, and brought forth deserved censure.

The Library Is Closed.

The public library will be closed this evening and all of tomorrow, opening Saturday afternoon.

CAUGHT MAIN'S FOOT

Another Accident at the New Bridge.

A BIG CHAIN SUDDENLY GAVE WAY

And a Heavy Beam Fell—The Damage Is Not Great, and the Workman Will Soon Be Well—The Other Accident, Stevenson Is Better.

The list of accidents at the bridge yesterday was increased by one a short time before the men ended their work for the day.

The victim was Harry Main, one of the men who narrowly escaped a fall out of the car when the locomotive caught the rope in the morning and caused such commotion before it broke.

Late in the afternoon Main was at work, when a chain holding a heavy floor beam broke. The beam dropped, and as it fell caught the workman's foot between the ironwork. He was not badly hurt, but the foot was mashed so that it will be some time before he can walk. It was an accident, and the blame can be laid on no one.

It was reported this morning that another serious accident had happened across the river. According to the story a rope had parted and let down a heavy piece of iron, which in falling, had carried away a portion of the new bridge. The story was found to contain no more truth than that a rope had broken, but no serious damage was done.

William R. Stevenson, who fell from the bridge yesterday afternoon, is better today, and is considered beyond danger. The fall dislocated his left hip and fractured his hip bone. His back was also bruised, but there were no cuts. He was dazed for some time after the fall, and it was necessary to send to Wells-ville for his wife. He will be kept in the city several days. The effect of the fall caused him to spit blood today, but he is not believed to be in a dangerous condition. The accident was caused by the wrong interpretation of an order relating to the working of the lines.

HE HANGED HIMSELF.

A Stranger Found Dead in the Woods Near Teegarden.

LISBON, Nov. 14.—[Special.]—Coroner Straguhn was called to Teegarden this morning to hold an inquest over the body of a man found in the woods.

Children were walking through the woods near the town when they found a dead man. He had taken off his suspenders, put a noose about his neck, and tied the other end to a tree. He then sat down, and was soon strangled.

Last Friday a stranger drove into this place. His horse and buggy were good, but his clothes were common. He went to the stable of Shawke & Gaskill, and left the horse to be cared for. He put up that night at the Hostetter House, and while he did not register, gave his name as Frank James. He said he was selling stoves, and the next morning after inquiring the names of local hardware dealers left the hotel. He has not since been seen. As the description of the man found at Teegarden tallies with the missing stranger it is thought that the identity of the man will soon be known.

WHAN-HOUSER.

They Were Married in Wheeling Last Night.

The Wheeling papers of last evening contain the following:

"Mr. John Whan and Mrs. Anna Houser, widow and widow, of East Liverpool, walked into Clerk Hook's office this afternoon for a marriage license. They were given the necessary papers and later were married at the parlors of Rev. Dr. Swope."

A PLEASANT ENTERTAINMENT.

An Excellent Program and a Good Supper.

The entertainment given at Brunt's last evening by the Catholic Mutual Benefit association was largely attended, and was a pleasant event. An excellent program was passed through, and addresses in the interest of the society were rendered by Mrs. Popp and Mr. Clark, of Pittsburgh. Supper was served to the 175 persons who made up the audience.

PLENTY OF WORK

Occupies the Attention of the Street Force These Days.

Commissioner Finley and his force yesterday made a new road on Bank street at the old coal shaft for the benefit of residents of that portion of the city. Today the force are busy repairing a sewer on the hill road to East End, and cleaning out the gutters in Huston addition.

HAD THE DEEDS.

George Bucheit Would Allow No Building on His Land.

Yesterday morning the Standard Oil company began preparations for the erection of an oil tank on the land lying opposite the Cleveland and Pittsburgh platform, and owned by George Bucheit. The workmen were unaware of this and believed the ground belonged to the Standard Oil company. When Mr. Bucheit was notified of the taking of his possessions he immediately produced the deeds, and clearly proved his claim of ownership. Colonel Hill examined the documents, and advised that the building of the tank be stopped at once.

EIGHT PIGEONS

Was the Price of a Troublesome Horse.

Charles Willison, the boy who was arrested yesterday afternoon by Humane Agent Lloyd for cruelty to animals, had his trial this morning before Squire Rose, and was dismissed, as the lad proved he had been feeding the animal, and was guilty of no offense but letting it run loose. Willison testified he had purchased the horse from a man named Beech a week ago for eight pigeons, and sold it last evening to Bill Farmer for a mouth organ and a torch. The animal in question is an old bay horse which looks as though it might easily fall to pieces.

IN TONAWANDA.

Arthur Gazeley Has Taken Up a New Position.

Arthur Gazeley, who was for several years the secretary of the local Young Men's Christian Association, has again taken up the work, and word received here today says he has taken charge of the association at Tonawanda, N. Y. Mr. Gazeley has had much experience in association work, and his success has been marked. The position taken by Mr. Gazeley is a most desirable place.

OVER A THOUSAND

Are Now Confined in the Newburg Asylum.

There are at present confined in the county infirmary a number of insane patients who can not be received at the

Newburg asylum. That institution is filled to overflowing, the report for the month showing 1,047 on the list. It is thought that other arrangements will be made before next year, whereby ample quarters will be provided. The cost of maintaining each patient last year was \$129.

ONLY EIGHT MEN

Were Eligible to Enlistment in the Naval Reserve.

The meeting called last evening to organize a naval reserve was not largely attended, but the matter was ably explained by George C. Simms and Charles Hickman. Upon investigation it was discovered only eight men present were eligible to sign the roll. Their names were taken, and the projectors of the plan will work it privately until the required list of 28 names is secured. It will then be forwarded for enrollment papers. They expect to have no trouble in securing the list, and as the company can be increased to 80 men it is confidently expected it will soon reach that number.

PAID THE BILL.

Then the Case Against Young Hughes Was Withdrawn.

John A. Hughes, the young man arrested by Constable Lyon on a charge of theft preferred by John W. Hall, spent yesterday afternoon in finding enough money to settle the claim of \$10.35 and the costs of the case. When he appeared with the money the charge against him was withdrawn. Had the case been pushed the young man would have passed through an interesting experience.

DISMISSED THE CASE.

That Goose Trial Came to a Sudden End.

After hearing all the evidence and the arguments yesterday afternoon, Squire Morley dismissed Elsie Vandine, who was charged by W. H. McLean with stealing a goose. A dozen witnesses were present, and the testimony was calculated to bring laughter from the most dignified, and it was only with the greatest effort that the squire succeeded in keeping his face straight.

A DANGEROUS PLACE.

Green Lane Is In Need of Improvements.

The condition of Green lane, where it is crossed by Spring street, excites comment. Gutters several feet deep bound each side of the street, and they have become so dangerous that wagons have fallen into the ruts, and have been damaged. Commissioner Finley believes the gutters should be paved, and cannot find any other means of improvement to answer the purpose.

RED HOT COALS.

They Caused a Little Excitement at a Pottery.

An employe named Murray, who does odd work at the East Liverpool pottery, shoveled a quantity of red hot coals from a kiln, yesterday, into a wheelbarrow. He walked away, and returning in a few minutes found the barrow ablaze. Hastily procuring a bucket of water he soon extinguished the fire, and the excitement came to a sudden end.

A CHIMNEY BLAZE.

The Department Had a Run Last Evening.

Last evening about 6 o'clock the fire department discovered flames issuing from a chimney at the residence of John Pettit, on Lincoln avenue. A run was made, and when they arrived the fire was in full blast. An investigation showed no damage would result, but the lady of the house was advised to put salt on the fire.

A MISSING HORSE.

Frank Densmore's Animal Disappeared.

Several days ago Frank Densmore, of California hollow, purchased a horse from a farmer who lives beyond Beaver creek. Yesterday morning the animal was missing from the stable, and a thorough search failed to locate it. It is believed the horse got out of the stable, and returned to its former home in Pennsylvania.

A DRUNKEN QUARTET.

They Made an Awful Row on Jefferson Street.

Three women and a male companion, all under the influence of liquor, drove down Jefferson street in a buggy last night. They plied the whip, and urged the horse to the top of its speed. Their drunken shouts aroused the neighborhood, and brought forth deserved censure.

The Library Is Closed.

The public library will be closed this evening and all of tomorrow, opening Saturday afternoon.

CAUGHT MAIN'S FOOT

Another Accident at the New Bridge.

A BIG CHAIN SUDDENLY GAVE WAY

And a Heavy Beam Fell—The Damage Is Not Great, and the Workman Will Soon Be Well—The Other Accident, Stevenson Is Better.

The list of accidents at the bridge yesterday was increased by one a short time before the men ended their work for the day.

The victim was Harry Main, one of the men who narrowly escaped a fall out of the car when the locomotive caught the rope in the morning and caused such commotion before it broke.

Late in the afternoon Main was at work, when a chain holding a heavy floor beam broke. The beam dropped, and as it fell caught the workman's foot between the ironwork. He was not badly hurt, but the foot was mashed so that it will be some time before he can walk. It was an accident, and the blame can be laid on no one.

It was reported this morning that another serious accident had happened across the river. According to the story a rope had parted and let down a heavy piece of iron, which in falling, had carried away a portion of the new bridge. The story was found to contain no more truth than that a rope had broken, but no serious damage was done.

William R. Stevenson, who fell from the bridge yesterday afternoon, is better today, and is considered beyond danger. The fall dislocated his left hip and fractured his hip bone. His back was also bruised, but there were no cuts. He was dazed for some time after the fall, and it was necessary to send to Wells-ville for his wife. He will be kept in the city several days. The effect of the fall caused him to spit blood today, but he is not believed to be in a dangerous condition. The accident was caused by the wrong interpretation of an order relating to the working of the lines.

HE HANGED HIMSELF.

A Stranger Found Dead in the Woods Near Teegarden.

LASBON, Nov. 14.—[Special.]—Coroner Straughn was called to Teegarden this morning to hold an inquest over the body of a man found in the woods.

Children were walking through the woods near the town when they found a dead man. He had taken off his suspenders, put a noose about his neck, and tied the other end to a tree. He then sat down, and was soon strangled.

Last Friday a stranger drove into this place. His horse and buggy were good, but his clothes were common. He went to the stable of Shawke & Gaskill, and left the horse to be cared for. He put up that night at the Hostetter House, and while he did not register, gave his name as Frank James. He said he was selling stoves, and the next morning after inquiring the names of local hardware dealers left the hotel. He has not since been seen. As the description of the man found at Teegarden tallies with the missing stranger it is thought that the identity of the man will soon be known.

WHAN-HOUSER.

They Were Married in Wheeling Last Night.

The Wheeling papers of last evening contain the following: "Mr. John Whan and Mrs. Anna Houser, widower and widow, of East Liverpool, walked into Clerk Hook's office this afternoon for a marriage license. They were given the necessary papers and later were married at the parlors of Rev. Dr. Swope."

A PLEASANT ENTERTAINMENT.

An Excellent Program and a Good Supper.

The entertainment given at Brunt's last evening by the Catholic Mutual Benefit association was largely attended, and was a pleasant event. An excellent program was passed through, and addresses in the interest of the society were rendered by Mrs. Popp and Mr. Clark, of Pittsburgh. Supper was served to the 175 persons who made up the audience.

PLENTY OF WORK

Occupies the Attention of the Street Force These Days.

Commissioner Finley and his force yesterday made a new road on Bank street at the old coal shaft for the benefit of residents of that portion of the city. Today the force are busy repairing a sewer on the hill road to East End, and cleaning out the gutters in Huston addition.

EAST LIVERPOOL, O., THURSDAY, NOV. 19

All the news in the News Review.

THAT was a graceful tribute those Brooklyn ladies sent to Mrs. McKinley.

PRESIDENT CLEVELAND is hard at work on his message, but harder at work filling the remaining vacancies.

HENRY WATSON calls Bryanism mobism, and there are some people who think the fiery southerner did not miss it much.

THAT war cloud has grown so small those past few days that even the telescope thoughts of the leading jingoes can scarcely see it.

THE man who believes congress will pass a tariff measure before the holiday recess is not as numerous as the man who would like to see it done.

THE conduct of Major McKinley since his election has been such that even his most bitter enemies have difficulty in finding just cause for criticism.

Now that the Bryanites have lost almost everything else, they are attempting to show that McKinley did not have more than 50,000 plurality in Ohio. Small business that.

THE congressmen of Indiana propose to take a burden off their shoulders by allowing the people to elect their own postmasters. Maybe they think they have an original idea.

MR. HANNA has stated positively that he will not accept a cabinet position. Yet the Bryanites, for some reason not apparent, insist that they know more about it than Mr. Hanna.

THE suggestion that Ohio people register their preference for senator at the spring primaries will meet with approbation. The few have been filling this important office too long to suit those who believe this to be a government of the people.

WHEN the correspondents discovered they could not involve Uncle Sam in a war with Spain they turned their attention to Mexico, and are now wasting a vast deal of paper attempting to show that the silver republic is preparing for hostilities with the mother country.

HOW THEY DO IT.

The people having recorded their preference at the polls there are yet a few steps to be taken before William McKinley and Garrett A. Hobart are given the positions to which they are called. The first move is on the first Wednesday of December, when the electors chosen in each state assemble in the capital and cast their ballots for president and vice president. Three reports of this vote are prepared. One is given the United States judge of the district in which the vote is taken, and the other two go to the president of the senate. Of these one is sent him, but the other, to make assurance doubly sure, is placed in keeping of an elector chosen by lot who himself delivers the result to the proper personage. Then comes the end. The second Wednesday of February will be an important occasion in Washington. Then the senate and house of representatives gather in the hall of the house, the president of the senate in the chair. The vote is canvassed, and the announcement made accordingly.

You Can't Afford to Chance It.

A heavy cold may lead to pneumonia or consumption. Foley's Honey and Tar taken in time affords perfect security from serious results.

For sale by Reed's and Bulger's drug stores.

The Play.

The Rentfrow company played to a large audience last evening, and but added to their reputation by the excellent manner in which "A Pair of Owls" was introduced. The play tonight is The Devil's Gold Mine.

WILL FIGHT THE BILLET POOL.

A Movement on Foot to Build a Big Plant at Cleveland.

CLEVELAND, Nov. 19.—A movement is on foot among consumers of steel billets in this part of the country, who claim they are discriminated against by the big combination known as the Bessemer Steel association recently in session in New York, to build a big mill and produce their own billets. A meeting will be called in a few weeks to consider the project.

For the use of Cleveland consumers alone a mill, which would turn out 100 tons of billets a day and cost \$500,000, would be necessary. The works will probably be located in this city. An establishment which will not be in the association is going up in Cleveland. It is a big steelworks with three open-hearth furnaces. The name is the Cleveland Steel company, and it is stated that J. D. Rockefeller is practically the owner.

SEIZED BY THE GERMANS.

An American Fighting Against Being Forced into the Army.

CINCINNATI, Nov. 19.—Lucas Reiner of Covington, Ky., is about to become an object of international attention. He was born in Germany, but came to the United States at the age of 14, and has for several years been a naturalized citizen. Recently, on his way to South Africa, he stopped at Schramberg, Germany, and on Nov. 3 wrote to his cousin in Covington, saying the German authorities are trying to force him into the army.

He begs his friends here to lay the matter before the secretary of state, and says he will appeal to the United States consul at Stuttgart. His relatives will appeal to Secretary Olney.

What the River Men Want.

CINCINNATI, Nov. 19.—The executive committee of the national board of steam navigation has completed its session. It was decided to ask congress to amend the law so as to require ball in one place only and also for a revision of the lifeboat laws. Considerable attention was given to recent accidents at bridges, and it was voted to petition congress to amend the bridge laws so as to demand spans of at least 1,000 feet in navigable streams.

One Negro Kills Another.

DEFIANCE, O., Nov. 19.—John D. Vinegar, a colored farmer of Paulding county, has shot and killed George Johnson, also colored, in a dispute over two bushels of corn. Johnson pulled a revolver and Vinegar, who had a shotgun, fired before the other man could cock his weapon. The load struck Johnson in the face. Vinegar gave himself up.

To Ship Ohio Coal.

NEW YORK, Nov. 19.—J. Pierpont Morgan and associates for the Erie railway have arranged for extensive shipments of coal to Chicago and other western points from Marion, O., at which point the Erie connects with the Columbus, Hocking Valley and Toledo railway and the Columbus, Sandusky and Hocking railway, both coal roads, that tap all the coal mines in Southern Ohio.

Breckinridge Loses the Cash.

CINCINNATI, Nov. 19.—When W. P. C. Breckinridge lectured here at Pike's Opera house last winter the receipts were attached by his attorneys, who took depositions here in the case of Madeline Pollard for damages. A jury has given a verdict in favor of Attorney Gustave Meyer against Breckinridge for the money for legal services.

Will Organize Coopers.

CINCINNATI, Nov. 19.—Charles Leiser, president of the Coopers' Protective association of Cincinnati, has just been appointed organizer of the International Coopers' union. He was prominent in the recent international convention at Evansville, and will have his headquarters here.

Discussed Inauguration Details.

CLEVELAND, Nov. 19.—Speaking of his trip to Canton, National Republican Chairman M. A. Hanna said he made the journey simply to pay his respects to the president-elect and to discuss with him the details of the inauguration ceremonies.

Bloodhounds Trailing Escaped Prisoners.

POMEROY, O., Nov. 19.—Four prisoners have escaped from the jail. Two of them, Will Mountjoy and Monroe Hunter, were charged with murder, the others with highway robbery. Bloodhounds have been put on their trail.

Died Praying in a Lodge.

SPRINGFIELD, Ill., Nov. 19.—The opening session of the Daughters of Rebekah and the grand lodge of Illinois Odd Fellows was sadly interrupted by the sudden death of Mrs. Mary S. Stevens, chaplain of the grand lodge. She had just commenced her prayer and said: "Our Father," when she dropped to the floor and expired of heart disease.

A

small bottle of

TONSILINE
lasts longer than most any case of
SORE THROAT.

The same truth holds good with the worst case of SORE MOUTH. Thousands have tried and endorse Tonsiline as a grand family remedy for Sore Throat, Sore Mouth, Hoarseness and Quinsy.

Every home needs Tonsiline always at hand, it saves dollars and lives.

Tonsiline costs 25 and 50 Cents, at all druggists.

THE TONSILINE CO., CANTON, O.

LOST HIS WHISKERS.

Dastardly Case of Assault at Lafayette College.

WICKED STUDENTS ARE ARRESTED.

Sophomore Payne Had Flowing Black Side Whiskers—Refused to Have Them Cut Off—Students Rushed Him to a Barber Shop and Clipped Them.

EASTON, Pa., Nov. 19.—Henry M. Payne, of Southold, L. I., a member of the class of '99, Lafayette college, has had five of his classmates arrested for assault and battery, and the defendants have furnished bail for a hearing. Payne had long black side whiskers. They were the source of frequent jests. The students wanted them removed, but Payne was unwilling to part with them.

RECIPROCITY WILL COME UP.

Major McKinley Questioned by a Representative of a Canadian Paper.

TORONTO, Nov. 19.—The Evening Telegram sent a representative to Canton to interview President elect McKinley on matters that will be interesting to Canadians, but especially as to his views concerning reciprocity with this country.

The major, however, was non-committal. He regretted his inability to make any prophecy as to the results of any reciprocity negotiations. "I do not know," he said, "what the new congress will do concerning the tariff. Of course the question of reciprocity will be one of the things to be considered, for it will certainly be presented."

Mr. McKinley sent this message to the people of Canada: "I hope that the amity and good feeling between the two countries will continue and that we may know more of each other as the years go on. We have so much in common that we are justified in expressing that hope."

SPEAKER REED'S APPEAL.

Asks Duluth People to Create Sentiment for Dingley Bill.

DULUTH, Nov. 19.—Speaker Thomas B. Reed has been a visitor on the floor of the Duluth board of trade, and was prevailed upon to make a short speech. He said:

"I am not here to talk politics, and I do not want to, but since you insist, I will say that we have had an election. Whether the result be right or wrong, we must live under it for four years. There is one thing I do want to call your attention to. With the revenues of this nation running from \$50,000,000 to \$50,000,000 below its expenses, we can never expect to hold our heads among solvent nations."

"A bill was introduced in the last congress which did not affect the tariff question at all, but was only to raise revenue. I appeal to you as business men to investigate this matter and create a sentiment that will result in the passage of such a bill as will enable us to establish ourselves as a solvent nation."

FOR CURRENCY REFORM.

Indianapolis Board of Trade Inaugurates a Nonpartisan Movement.

INDIANAPOLIS, Nov. 19.—The board of trade has adopted the following resolution:

Resolved, That the boards of trade of Chicago, St. Louis, Cincinnati, Louisville, Cleveland, Columbus, Toledo, Kansas City, Detroit, Milwaukee, St. Paul, Des Moines, Minneapolis, Peoria, Grand Rapids and Omaha be invited to send four delegates to a preliminary conference to be held in Indianapolis Dec. 1, 1900, for the purpose of considering the advisability of calling a larger conference composed of delegates from the boards of trade and commercial organizations of the cities of the United States to consider the propriety of creating a nonpartisan commission to which shall be assigned the duty of formulating a plan for the reform of the currency, to be reported to a subsequent meeting of the conference.

TOOK THEIR USUAL DRIVE.

The McKinleys Then Return Home to Receive Callers.

CANTON, O., Nov. 19.—The president-elect and Mrs. McKinley took their customary drive about the city. Returning home they were accompanied by Mrs. Maria Saxton, an aunt of Mrs. McKinley's, who lunched with and spent some time with her.

Among the callers at the McKinley home were Walter Wellman, the noted Washington correspondent and former Cantonian, and J. Mitchell Chapple, novelist and editor of The Daily Press of Ashland. Also Sylvester Scoville, Cleveland correspondent of the New York World, also called.

Valentine Plead Guilty.

NEW YORK, Nov. 19.—William E. Valentine, alleged to be the chief of a gang of swindlers operating in various cities of the United States and Canada, has plead guilty in the Kings county court to the charge of forgery in the second degree. The other charges were dropped.

Mrs. J. F. Davis in St. Louis.

ST. LOUIS, Nov. 19.—Mrs. Jefferson Davis and her daughter, Miss Winnie, accompanied by Judge Leroy R. Valliant and R. R. Hutchinson of this city, arrived here from New York. They came to attend the annual reception and ball to be given here this evening.

Illinois Miners Strike.

SPRINGFIELD, Ill., Nov. 19.—Two hundred miners at the shaft of the Wash Coal Mining company at Athens have struck for an increase in wages.

The Weather.

Threatening weather with showers turning to snow; decidedly colder with a cold wave; southwesterly winds, becoming northerly, high on the lakes.

WARNING FROM WATTEASON.

He Says the East Should Learn From the South's Experience.

PARIS, Nov. 19.—Hon. Henry Watteason, editor of the Louisville Courier Journal, is in the city. In an interview he expressed satisfaction at the result of the election, but deplored what he declared were the prospects of a return to the McKinley tariff.

"What do you regard as the most radical change of the century?" he was asked.

"In 1890 we were a few millions of people and we loved liberty. In 1900 we are nearly 100,000,000 of people and we love money. Moreover, individually and collectively, we have a great deal of money. Most of this money is invested in what are called corporations. From a handful of individuals we have become a nation of institutions. The individual counts for less and less, organization for more and more. It is the idiosyncrasy of the age we live in. Meanwhile must a man lose his individual rights of property because he has invested his accretions in a bank, or a railway or even a trust company? That is the question we have to meet and settle."

"What of the sectional spirit and tendency?"

"Among a people so great in numbers and occupying such a vast territorial extent sectional distinctions, growing out of conflicting local interests, are inevitable. We had a north and a south. Now we are beginning to hear of an east and a west."

"Do you apprehend the serious growth of the new sectionalism which with the death of the old sectionalism seems to be struggling into life in America?"

"If human experience goes for anything, and is even to count for much, the world ought to be wiser for the lessons it has had. I am afraid, however, that organized wealth and power have not yet grown wise enough to scent danger before it is upon them. The eastern section of our country is already in danger. I have an impression that it does not see this. Yet it might, with profit to itself and to us all, read a chapter out of our own history and take a hint in time from the experience of the south."

"In its concentration of the wealth of the country and in its ostentatious display of this wealth, in the gradual cultivation of caste, in the tendency to hug its vast riches and in the finding of means to keep its millions at home, let it behold a danger it will do well to consider in the light of both ancient and modern history, and if it has any real statesmen they cannot put their heads and resources to better use than by the construction of policies which will bring them alliances and make them friends—policies wise and broad, justifying in some measure the unlimited accumulations they have been able to pile up in such a relatively short compass of time. Those accretions not only serve to breed corruption among themselves, but they unite against the simple rights of property all the forces of cupidity and rapine, operating on agrarian and sectional lines."

"States have been saved before now by timely foresight. Only pride, and a very foolish pride at that, has led Spain to defy the laws alike of God and nature in Cuba. Only pride, the pride of wealth and caste, will keep the east from seeing the truth that it must make a partner of the rest of the country, not alone by generous and expounding policies, but above all by just policies, harder perhaps to realize than any other policies. We can always be generous, but it is not always easy to be just, wisely just, even to ourselves."

PROHIBITION ON FOREIGNERS.

A Suggestion to Glassworkers by the K. of L. Assembly.

ROCHESTER, N. Y., Nov. 19.—A recommendation has been introduced in the K. of L. general assembly that instead of indorsing free coinage of silver a declaration of that tenor be made a portion of the preamble, which would prevent any one not in favor of the free coinage of silver at the ratio of 16 to 1 becoming a member of the order. This recommendation was not acted upon.

The recommendations in General Secretary-Treasurer Hayes' report on "Glassworkers' Local Assembly 300 of Pittsburgh," the only local assembly allowed to have branches throughout the country under its own supervision, were adopted as recommended. The recommendations provided that "the general executive board be instructed, as a legislative committee, to urge that instead of a prohibitory tariff on glass the tariff be transferred to the immigrant glassworkers; that the industry shall be retained in the control of native workmen and foreign workmen kept where they properly belong; protection against a product itself while the producer is admitted free is now and must always continue to be a farce."

A Methodist Association Officers.

CHICAGO, Nov. 19.—The presidents of the Methodist colleges and universities in the United States have elected the following officers: President, Henry Wade Rogers, Northwestern university; vice president, J. T. Goucher, Woman's college, Baltimore; secretary and treasurer, Samuel Plantz, Lawrence university.

Congress of Religions.

INDIANAPOLIS, Nov. 19.—The congress of religions is in session here. Among the letters read was one from Edward Everett Hale, who regretted his inability to be present and expressed a hope that the meeting might be in all senses as successful as it promised. President Thomas and David Starr Jordan spoke.

The Marblehead Nearly Home.

WASHINGTON, Nov. 19.—Admiral Bence's fleet will be augmented, at an early day, by the cruiser Marblehead, which has arrived at Bermuda on her way to this country from the Mediterranean, near the seat of the Turkish troubles.

Students Honor Joe Jefferson.

BALTIMORE, Nov. 19.—Actor Joe Jefferson, after speaking to the students of the Maryland General hospital, was hailed by them, instead of horses, in his carriage to the hotel, the vehicle being crowded with flowers.

The President Entertains Ian MacLaren.

WASHINGTON, Nov. 19.—President and Mrs. Cleveland have entertained at lunch Dr. John Watson, known to the literary world as Ian MacLaren, and Mrs. Watson.

TWO VIEWS OF PENSIONS.

Not Many Rich in Our Wars, Writes Ex-President Harrison.

"There may be fair differences of opinion as to the extent and conditions of pension relief, but there is no room for doubts as to pensions," writes ex-President Harrison in The Ladies' Home Journal. "Eleven dollars a month for war service implies at least relief in case of wounds or sickness for the soldier and that the public will care for his widow and minor children. When the law of pillage prevailed, it was otherwise, and when our rich men take to fighting our wars we can abolish the pension system, but thus far it is as historically true of the armies that won our independence, delivered us from the Indians and the British and saved the nation in the great civil war as of the kingdom of heaven, 'Not many rich.'"

"There are two views of the pension question—one from the Little Round Top at Gettysburg, looking out over a field sown thickly with the dead and adorned upon bloody, blackened and maimed men cheering the shot torn banner of their country; the other from an office desk on a busy street or from an endow chair in a university, looking only upon a statistical table."

Republicans Charge Fraud.

NASHVILLE, Nov. 18.—The Republican state executive committee, with 300 leading Republicans from all portions of the state, has closed a session after having unanimously resolved to investigate alleged election frauds in this state and inaugurate a contest for the governorship and endorse a contest upon the part of candidates for congress who, it was said, were defeated by alleged fraud.

Elks' Initiation Killed Him.

DES MOINES, Nov. 19.—Edward W. Curry, chairman of the Democratic state committee, has died at the Savery House of blood poisoning, the result of initiation into the Elks lodge here a few weeks ago. He was seated in an electric chair and was horribly burned before those operating it realized what they were doing.

Due to Disobeyal of an Order.

WASHINGTON, Nov. 19.—At Old Fort, on the Southern railway, a vestibule limited collided with a helper engine. John Howard, fireman, and Engineer William A. James of the limited were killed. Others were injured. Engineer Terrill of the helper disregarded an order. Neither he nor his fireman were hurt.

Dan Stuart Gets a Concession.

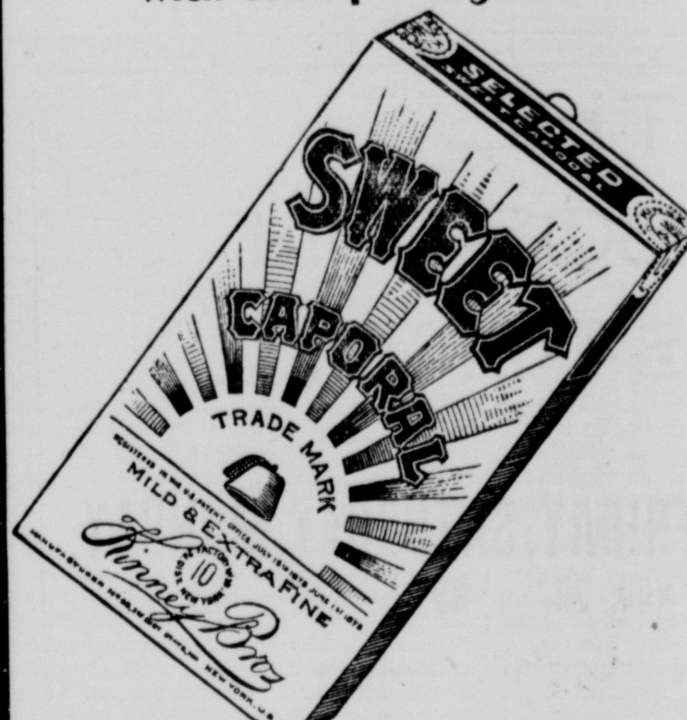

SANTA FE, Nov. 19.—It has been stated here by a prominent sporting man from El Paso that Dan Stuart and a powerful syndicate have at last succeeded in securing from the Mexican government a concession that will permit them to establish at Juarez, across the Rio Grande from El Paso, a great international Monte Carlo.

President Burns Re-Elected.

PITTSBURG, Nov. 19.—Simon Burns has been re-elected president of the Window Glassworkers.

THE congressmen of Indiana propose

to take a burden off their shoulders by

allowing the people to elect their own

postmasters. Maybe they think they

have an original idea.

MR. HANNA has stated positively that

he will not accept a cabinet position.

Yet the Bryanites, for some reason not

apparent, insist that they know more

about it than Mr. Hanna.

THE suggestion that Ohio people

register their preference for senator at

the spring primaries will meet with ap-

probation. The few have been filling

this important office too long to suit

those who believe this to be a govern-

ment of the people.

WHEN the correspondents discovered

they could not involve Uncle Sam in a

war with Spain they turned their atten-

tion to Mexico, and are now wasting a

vast deal of paper attempting to show

that the silver republic is preparing for

hostilities with the mother country.

HOW THEY DO IT.

THE people have recorded their pref-

erence at the polls there are yet a few

steps to be taken before William McKin-

ley and Garrett A. Hobart are given the

positions to which they are called.

The first move is on the first Wednes-

day of December, when the electors

chosen in each state assemble in the

capital and cast their ballots for presi-

dent and vice president. Three reports

of this vote are prepared. One is given

the United States judge of the dis-

trict in which the vote is taken, and

the other two go to the president of the

senate. Of these one is sent him, but

the other, to make assurance doubly sure,

A Movement on Foot to Build a Big Plant at Cleveland.

CLEVELAND, Nov. 19.—A movement

is on foot among consumers of steel bil-

lets in this part of the country, who

claim they are discriminated against by

the big combination known as the Bes-

semer Steel association recently in ses-

sion in New York, to build a big mill

and produce their own billets. A meet-

ing will be called in a few weeks to con-

sider the project.

For the use of Cleveland consumers

alone a mill, which would turn out 100

tons of billets a day and cost \$500,000,

would be necessary. The works will

probably be located in this city. An es-

tablishment which will not be in the

association is going up in Cleveland. It

is a big steelworks with three open-

heart furnaces. The name is the

Cleveland Steel company, and it is

stated that J. D. Rockefeller is practi-

cally the owner.

SEIZED BY THE GERMANS.

An American Fighting Against Being

Forced Into the Army.

CINCINNATI, Nov. 19.—Lucas Reiner

of Covington, Ky., is about to become

an object of international attention. He

was born in Germany, but came to the

United States at the age of 14, and has

for several years been a naturalized

citizen. Recently, on his way to South

Africa, he stopped at Schramberg, Ger-

many, and on Nov. 3 wrote to his

cousin in Covington, saying the Ger-

man authorities are trying to force him

into the army.

He begs his friends here to lay the

matter before the secretary of state,

and says he will appeal to the United

States consul at Stuttgart. His rela-

tives will appeal to Secretary Olney.

What the River Men Want.

CINCINNATI, Nov. 19.—The executive

committee of the national board of

steam navigation has completed its ses-

sion. It was decided to ask congress to

amend the law so as to require bail in

one place only and also for a revision of

the lifeboat laws. Considerable atten-

tion was given to recent accidents at

bridges, and it was voted to petition

congress to amend the bridge laws so as

to demand spans of at least 1,000 feet in

navigable streams.

One Negro Kills Another.

DEFAUNCE, O., Nov. 19.—John D.

Vinegar, a colored farmer of Paulding

county, has shot and killed George

Johnson, also colored, in a dispute over

two bushels of corn. Johnson pulled a

revolver and Vinegar, who had a shot-

gun, fired before the other man could

cock his weapon. The load struck

Johnson in the face. Vinegar gave

himself up.

To Ship Ohio Coal.

NEW YORK, Nov. 19.—J. Pierpont

Morgan and associates for the Erie rail-

way have arranged for extensive ship-

ments of coal to Chicago and other

western points from Marion, O., at

which point the Erie connects with the

Columbus, Hocking Valley and Toledo

railway and the Columbus, Sandusky

and Hocking railway, both coal roads,

that tap all the coal mines in Southern

Ohio.

Breckinridge Loses the Cash.

CINCINNATI, Nov. 19.—When W. P.

Dastardly Case of Assault at Lafayette College.

WICKED STUDENTS ARE ARRESTED.

Sophomore Payne Had Flowing Black

Side Whiskers—Refused to Have Them

Cut Off—Students Rushed Him to a

Barber Shop and Clipped Them.

EASTON, Pa., Nov. 19.—Henry M.

Payne, of Southold, L. I., a member

of the class of '99, Lafayette college, has

had five of his classmates arrested for

assault and battery, and the defendants

have furnished bail for a hearing. Payne

had long black side whiskers. They

were the source of frequent jests. The

students wanted them removed, but

Payne was unwilling to part with them.

After the class had been photographed

the other day about 30 students, headed

by the defendants, rushed Payne to a

nearby barbershop, where his whiskers

were removed by one of the number. During

the struggle Payne had one of his

fingers badly cut.

RECIPROCITY WILL COME UP.

Major McKinley Questioned by a Repre-

sentative of a Canadian Paper.

TORONTO, Nov. 19.—The Evening

Telegram sent a representative to Can-

ton to interview President elect Mc-

Kinley on matters that will be interest-

ing to Canadians, but especially as to

his views concerning reciprocity with

this country.

The major, however, was non-com-

mittal. He regretted his inability to

make any prophecy as to the results of

any reciprocity negotiations.

"I do not know," he said, "what the

new congress will do concerning the

tariff. Of course the question of recip-

rocity will be one of the things to be

considered, for it will certainly be pre-

sented."

Mr. McKinley sent this message to

the people of Canada: "I hope that

the amity and good feeling between the

two countries will continue and that we

may know more of each other as the

years go on. We have so much in

common that we are justified in ex-

pressing that hope."

SPEAKER REED'S APPEAL.

Asks Duluth People to Create Sentiment

for Dingley Bill.

DULUTH, Nov. 19.—Speaker Thomas

B. Reed has been a visitor on the floor

of the Duluth board of trade, and was

prevailed upon to make a short speech.

He said:

"I am not here to talk politics, and I

do not want to, but since you insist, I

will say that we have had an election.

Whether the result be right or wrong,

we must live under it for four years.

There is one thing I do want to call

your attention to. With the revenues

of this nation running from \$50,000,000

to \$50,000,000 below its expenses, we

can never expect to hold our heads

among solvent nations.

"A bill was introduced in the last

congress which did not affect the tariff

question at all, but was only to raise

revenue. I appeal to you as business

men to investigate this matter and cre-

ate a sentiment that will result in the

passage of such a bill as will enable us

to establish ourselves as a solvent na-

tion."

WARNING FROM WATTERSON.

He Says the East Should Learn From the South's Experience.

PARIS, Nov. 19.—Hon. Henry Wat-

tersson, editor of the Louisville Courier

Journal, is in the city. In an inter-

view he expressed satisfaction at the

result of the election, but deplored

what he declared were the prospects of

a return to the McKinley tariff.

"What do you regard as the most

radical change of the century?" he was

asked.

"In 1890 we were a few millions of

people and we loved liberty. In 1900

we are nearly 100,000,000 of people

and we love money. Moreover, indi-

vidually and collectively, we have a

WEYLER IS DEFEATED.

News of a Cuban Victory Is Received at Tampa, Fla.

ONE OF THE GREATEST OF THE WAR

The Battle Fought in Pinar Del Rio, but No Details Are Given—A Spanish Officer Reports That Weyler Is Experiencing Great Hardships.

TAMPA, Fla., Nov. 19.—Cuban leaders here have received information that the insurgents have just won one of the most important battles fought on the island during the progress of the war. The battle was in Pinar del Rio, but no details are given. Cubans here are rejoicing, as this is the first real battle since Weyler took the field.

HAVANA, Nov. 18.—Very little news regarding Captain General Weyler's operations against the insurgents in the province of Pinar del Rio has been allowed to leak out from the palace.

Major Bazan of the Spanish commander's staff, however, arrived here from the front. He says that the operations are most difficult, and adds that the captain general slept two rainy nights on the ground and without blankets, and that he has been several times without meals.

In spite of the fact that the weather has greatly improved in Pinar del Rio, and that the authorities assert that the health of the troops in the field shows improvement, 700 sick men have recently arrived here and 300 more are expected to reach this city during the day.

SOUTH AMERICA'S ATTITUDE.

Those Countries Will Follow Our Action Regarding Cuba.

WASHINGTON, Nov. 19.—Diplomats well informed regarding the conditions and sentiments of South and Central American republics are authority for the statement that there is no intention on the part of the government of these countries to recognize Cuban belligerency. Bolivia has evidenced a purpose to grant such recognition, but it is explained that Bolivia has no ports nor commerce that can be affected and could take the step without fear of any disastrous consequences at the hands of Spain.

The tone of the official papers of South America generally have been friendly to Spain, and the governments of the respective countries do not care to take any position which might result in hostilities with Spain.

The attitude of the United States, diplomats from the southern republics say, will govern nearly every South American country as to recognition of belligerency or non-intervention. This disposition on the part of the South and Central American republics to conform their foreign policies to that of the United States is stated to have been marked since the intervention of the United States in the Venezuelan boundary dispute.

PREMIER CANOVAS TALKS.

He Says Our Attitude Is Correct Toward Spain.

PARIS, Nov. 19.—A dispatch to the Journal from Madrid gives the substance of an interview with the Spanish premier, Senor Canovas del Castillo, in which he is quoted as making the following statements:

"The United States has always adopted a correct attitude, and it is to be hoped she will never cease to respect the rights of Spain, for which country the Cuban question is one of internal politics. I believe the United States will not change its policy for the sake of Cuban negroes, but in the event that she does so, Spain will cause her rights to be respected. So long as I am in power I will not make any concession or yield to anybody."

SPAIN SECURES NEW SHIPS.

Her Navy Improved by Some Formidable Vessels.

HAVANA, Nov. 19.—Madrid advices by cable refer to an official telegram received by Admiral Beranger, minister of the navy, Madrid. The telegram was from General Camara, chief of the Spanish naval commission, now in England. General Camara reported that he would be in Glasgow on the 6th to be present at the official trials of the war vessels Destroyer and Terror, and that he wished to hasten work on the Furor.

In a few days the vessels will be added to the Spanish navy. Four more of the same type will be built by Spain. They will bear the following names: Osado, Audaz, Pluton and Prosperina.

A CONFLICT PROBABLE.

United States and Kansas Courts Fight Over Santa Fe Receivership.

OSKALOOSA, Kan., Nov. 19.—Judge Louis Myers has appointed ex-United States Senator John Martin receiver of the Atchison, Topeka and Santa Fe railway property in Kansas.

The turn taken in the Santa Fe receivership case opens the way for a most serious conflict between the federal and state courts. Should the receiver appointed by County Judge Myers finally succeed in qualifying and demand possession of the railway, the officers of the latter would refuse to yield, standing on the expectation that Judge Foster of the federal court would assume jurisdiction in the case.

His authority, resisted by the railroad people, the receiver's recourse would be to ask Judge Myers for an order calling out the posse comitatus to help him to take possession of the property. Such an order would authorize the sheriff to summon every male citizen in Jefferson county, if necessary, to put the receiver in possession of the railroad. Then Judge Foster, presuming that he would assume jurisdiction, would order the United States marshal to appoint an army of special deputies to enforce the processes of his court.

Then the sheriff would call upon the governor for the state militia and the United States marshal, in turn, could appeal to the secretary of war for troops, and thus bring on a collision between the state and federal governments.

A LUTHER BADGE ADOPTED.

The League Now Holding a Convention in Chicago.

CHICAGO, Nov. 19.—The Luther League convention is in session in the Y. M. C. A. auditorium. President E. F. Ellert presiding. A great deal of time was occupied in a discussion over the adoption of a league lodge badge. The pin as adopted is intended to be a fac simile of the original coat of arms worn by Martin Luther and is made up of a black cross surmounted on a heart of red, at the back of which is a rose of five petals. The whole is on a background of blue. A resolution was offered and referred asking that some provision be made for the celebration, by the Luther League of America, on Feb. 16, 1897, of the fourth anniversary of the birth of Philip Melancthon.

Rev. R. E. McDaniell also made a motion that a committee be appointed to discuss the advisability of holding a convention of the Luther League of the world in Wurttemberg in 1900. This matter was also referred to a committee, which will report later during the convention.

Leander Trautman, secretary of the executive committee, reported that there were now over 50,000 members enrolled on the books of the branch organizations of the Luther League. No definite figures, he said, could be given, as reports from all the secretaries had not yet been received. Sixteen states are represented in the convention with a total of about 300 delegates.

EPISCOPAL CHURCH CONGRESS.

Important Subjects Discussed at the Meeting in Norfolk, Va.

NORFOLK, Va., Nov. 19.—The Seventeenth annual Episcopal church congress is in session at the Academy of Music, with a good attendance. The chief topic was: "Do we need a hierarchy in this church?" The Rev. John J. Foudre of Minneapolis and Rev. Dr. George L. Locke of Bristol, R. I., were scheduled as writers, and the list of speakers for the day included Rev. Dr. George W. Dumbell of New Brighton, N. Y.; the Right Rev. John B. Newton of Richmond, Va., and the Rev. Francis M. S. Taylor of Mount Vernon, N. Y.

A special ladies' meeting was held last night. The principal topic was: "The Ideal and the Real in Literature." The Rev. John J. Foudre of Minneapolis and Rev. Dr. George L. Locke of Bristol, R. I., were scheduled as writers, and the list of speakers for the day included Rev. Dr. George W. Dumbell of New Brighton, N. Y.; the Right Rev. John B. Newton of Richmond, Va., and the Rev. Francis M. S. Taylor of Mount Vernon, N. Y.

W. C. T. U. ADJOURNS.

Additional New Officers Chosen by the Convention.

COUNT TOLSTOI IS A CONVERT.

Reading Literature Furnished by the Society Made Him a Total Abstainer. A Letter From His Daughter—Fraternal Delegate to Catholic Convention.

ST. LOUIS, Nov. 19.—The W. C. T. U. convention selected the following additional officers:

Evangelists—Mrs. J. K. Barney; Mrs. S. M. I. Henry; Mrs. Annie M. Palmer; Mrs. Mary Sparkes Wheeler; Mrs. R. J. Trego; Mrs. Mary J. Weaver; Mrs. E. M. Houghton; Mrs. Jennie F. Willing; Miss Cassie Smith; Rev. Frances E. Townsley and Mrs. Mary C. Woody. Editors of The Union Signal—Mrs. Susanna M. D. Fry; Miss Clara C. Chapin and Mrs. Ada M. Melville. Business manager—Mrs. C. F. Graw. President board trustees of Temperance hospital—Mrs. Margaret Ingleshart.

President board of Temple trustees—Mrs. Matilda B. Carse. Standing committees—Transportation, Mrs. Mary G. Hoy; Sabbath meetings, Mrs. Rebecca B. Chambers; overflow meetings, Rev. Anna Shaw; convention meetings, Miss Carrie Busby; telegrams, Mrs. Lucie B. Tynig; auditor, Mrs. C. B. Elgelow.

Mrs. Matilda B. Carse, president of the Woman's Temperance Publishing association, made a report. She stated that, despite the financial depression, the association had weathered the storm, and the treasury showed a net gain for the year of \$516. The cash receipts for that time were \$125,337 and expenditures \$125,151.

Miss Willard read a letter from Titiana Tolstoi, daughter of the Russian count by that name, in which she said: "Your nephew said you and Lady Somerset were perhaps coming to Russia. My father and I were very pleased to hear that news, and we hope that you will then pay us a visit, if your voyage will take place."

After the receipt of some W. C. T. U. documents by the count he and his whole family became total abstainers, Miss Willard reported.

Miss Frances J. Barnes of New York, memorial secretary of the young woman's branch, reported on the work done during the past year, during which there had been an increase in 33 states, Maryland leading with the greatest number of new recruits.

It is probable that the next convention will be held in one of the lake cities, possibly Buffalo, to be near the international convention of the W. C. T. U. in Toronto next year.

Tuesday night several members of the W. C. T. U. made a slumming tour, singing and praying with habitues of dives in the tendorloin district.

On motion of one of the delegates, Mrs. Mary H. Hunt of Boston, superintendent of scientific temperance instruction, was appointed a fraternal delegate to represent the W. C. T. U. at the World's Alcoholic congress to be held in Brussels.

Mrs. Mary F. Lovell of Pennsylvania arose in her delegation and said: "I have been informed that the time is now ripe for the inauguration of a course of temperance instruction in the parochial schools of the Roman Catholic church. Therefore I move that Mrs. Mary F. Hunt be named as our fraternal delegate to the next annual meeting of the Catholic Total Abstinence society."

Mrs. Hammer of Pennsylvania seconded the motion and it was carried without discussion or debate.

The last session of the convention was on the program as "People's night," which was given up to a "glorification," as Miss Willard called it.

A FINISH FIGHT WANTED.

Fitzsimmons Won't Meet Corbett in a Limited Round Contest.

SAN FRANCISCO, Nov. 19.—In an interview with Martin Julian, manager of Robert Fitzsimmons, the pugilist, concerning the offer of President Genslinger of the New Bohemian Athletic club for a 20 round contest between Corbett and Fitzsimmons, Julian objected to a condition of the offer that "Honest" John Kelly should act as referee.

He further said: "The purse is a liberal one, to be sure, but it is for a 20 round go, and that is not the kind of a fight we are looking for with Corbett. We want to meet him to a finish. Corbett knows this as well as we do, and he knows further that no such fight can be handled in the state of New York. His speech in Boston indicates he is willing to go anywhere on earth to settle this business with Fitzsimmons, and I am satisfied an offer will be forthcoming before very long that will inform the sporting world where the men can be put into a ring to fight until one of them cries enough. Dan Stuart has got such a place, and there are others in the field looking for a battle ground as well as Stuart."

CHARGED WITH FRAUD.

New Phase of a Sensational Case at Sharon.

SHARON, Pa., Nov. 19.—A big sensation was caused here when Constable Templeton arrested Michael Lee on a charge of causing the death of Miss Maggie Reardon last September. Lee is one of the best known men in the city.

The warrant was issued by Justice T. O. Hazen of Sharpsville, on complaint of John Reardon, father of the dead girl. Mr. Lee was taken before Justice T. O. Hazen and was held in the sum of \$500 bail for his appearance this afternoon at 2 o'clock.

The crime with which he is charged was committed on Sept. 7. Miss Reardon was engaged to Mr. Lee, and that evening she met him near her sister's residence on Jefferson avenue. They remained out until 4 o'clock in the morning, and, as Lee testified, were returning home when they had a quarrel. Before he could prevent her she pulled a small pistol from her dress and shot herself in the breast, causing her death within a short time.

WEYLER IS DEFEATED.

News of a Cuban Victory Is Received at Tampa, Fla.

ONE OF THE GREATEST OF THE WAR

The Battle Fought in Pinar Del Rio, but No Details Are Given—A Spanish Officer Reports That Weyler Is Experiencing Great Hardships.

TAMPA, Fla., Nov. 19.—Cuban leaders here have received information that the insurgents have just won one of the most important battles fought on the island during the progress of the war. The battle was in Pinar del Rio, but no details are given. Cubans here are rejoicing, as this is the first real battle since Weyler took the field.

HAVANA, Nov. 18.—Very little news regarding Captain General Weyler's operations against the insurgents in the province of Pinar del Rio has been allowed to leak out from the palace.

Major Bazan of the Spanish commander's staff, however, arrived here from the front. He says that the operations are most difficult, and adds that the captain general slept two rainy nights on the ground and without blankets, and that he has been several times without meals.

In spite of the fact that the weather has greatly improved in Pinar del Rio, and that the authorities assert that the health of the troops in the field shows improvement, 700 sick men have recently arrived here and 300 more are expected to reach this city during the day.

SOUTH AMERICA'S ATTITUDE.

Those Countries Will Follow Our Action Regarding Cuba.

WASHINGTON, Nov. 19.—Diplomats well informed regarding the conditions and sentiments of South and Central American republics are authority for the statement that there is no intention on the part of the government of these countries to recognize Cuban belligerence. Bolivia has evidenced a purpose to grant such recognition, but it is explained that Bolivia has no ports nor commerce that can be affected and could take the step without fear of any disastrous consequences at the hands of Spain.

The tone of the official papers of South America generally have been friendly to Spain, and the governments of the respective countries do not care to take any position which might result in hostilities with Spain.

The attitude of the United States, diplomats from the southern republics say, will govern nearly every South American country as to recognition of belligerence or non-intervention. This disposition on the part of the South and Central American republics to conform their foreign policies to that of the United States it is stated has been more marked since the intervention of the United States in the Venezuelan boundary dispute.

PREMIER CANOVAS TALKS.

He Says Our Attitude Is Correct Toward Spain.

PARIS, Nov. 19.—A dispatch to the Journal from Madrid gives the substance of an interview with the Spanish premier, Senor Canovas del Castillo, in which he is quoted as making the following statements:

"The United States has always observed a correct attitude, and it is to be hoped she will never cease to respect the rights of Spain, for which country the Cuban question is one of internal politics. I believe the United States will not change its policy for the sake of Cuban negroes, but in the event that she does so, Spain will cause her rights to be respected. So long as I am in power I will not make any concession or yield to anybody."

SPAIN SECURES NEW SHIPS.

Her Navy Improved by Some Formidable Vessels.

HAVANA, Nov. 19.—Madrid advices by cable refer to an official telegram received by Admiral Beranger, minister of the navy, Madrid. The telegram was from General Camara, chief of the Spanish naval commission, now in England. General Camara reported that he would be in Glasgow on the 6th to be present at the official trials of the war vessels Destroyer and Terror, and that he wished to hasten work on the Furor.

In a few days the vessels will be added to the Spanish navy. Four more of the same type will be built by Spain. They will bear the following names: Osado, Audaz, Pluton and Proserpina.

A CONFLICT PROBABLE.

United States and Kansas Courts Fight Over Santa Fe Receivership.

OSKALOOSA, Kan., Nov. 19.—Judge Louis Myers has appointed ex-United States Senator John Martin receiver of the Atchison, Topeka and Santa Fe railway property in Kansas.

The turn taken in the Santa Fe receivership case opens the way for a most serious conflict between the federal and state courts. Should the receiver appointed by County Judge Myers finally succeed in qualifying and demand possession of the railway, the officers of the latter would refuse to yield, standing on the expectation that Judge Foster of the federal court would assume jurisdiction in the case.

His authority, resisted by the railroad people, the receiver's recourse would be to ask Judge Myers for an order calling out the posse comitatus to help him to take possession of the property. Such an order would authorize the sheriff to summon every male citizen in Jefferson county, if necessary, to put the receiver in possession of the railroad. Then Judge Foster, presuming that he would assume jurisdiction, would order the United States marshal to appoint an army of special deputies to enforce the process of his court.

Then the sheriff would call upon the governor for the state militia and the United States marshal, in turn, could appeal to the secretary of war for troops, and thus bring on a collision between the state and federal governments.

A LUTHER BADGE ADOPTED.

The League Now Holding a Convention in Chicago.

CHICAGO, Nov. 19.—The Luther League convention is in session in the Y. M. C. A. auditorium. President E. F. Ellert presiding. A great deal of time was occupied in a discussion over the adoption of a league lodge badge. The pin as adopted is intended to be a fac simile of the original coat of arms worn by Martin Luther and is made up of a black cross surmounted on a heart of red, at the back of which is a rose of five petals. The whole is on a background of blue. A resolution was offered and referred asking that some provision be made for the celebration, by the Luther League of America, on Feb. 16, 1897, of the fourth anniversary of the birth of Philip Melancthon.

Rev. R. E. McDaniel also made a motion that a committee be appointed to discuss the advisability of holding a convention of the Luther League of the world in Wartburg in 1900. This matter was also referred to a committee, which will report later during the convention.

Leander Trautman, secretary of the executive committee, reported that there were now over 50,000 members enrolled on the books of the branch organizations of the Luther League. No definite figures, he said, could be given, as reports from all the secretaries had not yet been received. Sixteen states are represented in the convention with a total of about 300 delegates.

EPISCOPAL CHURCH CONGRESS.

Important Subjects Discussed at the Meeting in Norfolk, Va.

NORFOLK, Va., Nov. 19.—The Seventeenth annual Episcopal church congress is in session at the Academy of Music, with a good attendance. The chief topic was: "Do we need a hierarchy in this church?" The Rev. John J. Fonde of Minneapolis and Rev. Dr. George L. Locke of Bristol, R. I., were scheduled as writers, and the list of speakers for the day included Rev. Dr. George W. Dumbell of New Brighton, N. Y.; the Right Rev. John B. Newton of Richmond, Va., and the Rev. Francis M. S. Taylor of Mount Vernon, N. Y. A special ladies' meeting was held last night. The principal topic was: "The Ideal and the Real in Literature."

W. C. T. U. ADJOURNS.

Additional New Officers Chosen by the Convention.

COUNT TOLSTOI IS A CONVERT.

Reading Literature Furnished by the Society Made Him a Total Abstainer. A Letter From His Daughter—Fraternal Delegate to Catholic Convention.

ST. LOUIS, Nov. 19.—The W. C. T. U. convention selected the following additional officers:

Evangelists—Mrs. J. K. Barney; Mrs. S. M. L. Henry; Mrs. Annie M. Palmer; Mrs. Mary Sparkes Wheeler; Mrs. R. J. Trege; Mrs. Mary J. Weaver; Mrs. E. M. Houghton; Mrs. Jennie F. Willing; Miss Cassie Smith; Rev. Frances E. Townsley and Mrs. Mary C. Woody. Editors of The Union Signal—Mrs. Susanna M. D. Fry; Miss Clara C. Chapin and Mrs. Ada M. Melville. Business manager—Mrs. C. F. Graw. President board trustees of Temperance hospital—Mrs. Margaret Ingelhart.

President board of Temple trustees—Mrs. Matilda B. Carse. Standing committees—Transportation, Mrs. Mary G. Hoy; Sabbath meetings, Mrs. Rebecca B. Chambers; overflow meetings, Rev. Anna Shaw; convention seatings, Miss Carrie Busby; telegrams, Mrs. Lucie B. Tynin; auditor, Mrs. C. B. Bigelow.

Mrs. Matilda B. Carse, president of the Woman's Temperance Publishing association, made a report. She stated that, despite the financial depression, the association had weathered the storm, and the treasury showed a net gain for the year of \$516. The cash receipts for that time were \$125,337 and expenditures \$125,151.

Miss Willard read a letter from Titianna Tolstoi, daughter of the Russian count by that name, in which she said: "Your nephew said you and Lady Somerset were perhaps coming to Russia. My father and I were very pleased to hear that news, and we hope that you will then pay us a visit, if your voyage will take place."

After the receipts of some W. C. T. U. documents by the count he and his whole family became total abstainers. Miss Willard reported.

Miss Frances J. Barnes of New York, memorial secretary of the young woman's branch, reported on the work done during the past year, during which there had been an increase in 33 states, Maryland leading with the greatest number of new recruits.

It is probable that the next convention will be held in one of the lake cities, possibly Buffalo, to be near the international convention of the W. C. T. U. in Toronto next year.

Tuesday night several members of the W. C. T. U. made a slumming tour, singing and praying with habitues of dives in the Tenderloin district.

On motion of one of the delegates, Mrs. Mary H. Hunt of Boston, superintendent of scientific temperance instruction, was appointed a fraternal delegate to represent the W. C. T. U. at the World's Alcoholic congress to be held in Brussels.

Mrs. Mary F. Lovell of Pennsylvania arose in her delegation and said: "I have been informed that the time is now ripe for the inauguration of a course of temperance instruction in the parochial schools of the Roman Catholic church. Therefore I move that Mrs. Mary F. Hunt be named as our fraternal delegate to the next annual meeting of the Catholic Total Abstinence society."

Mrs. Hammer of Pennsylvania seconded the motion and it was carried without discussion or debate.

The last session of the convention was on the program as "People's Right," which was given up to a "clarification," as Miss Willard called it.

A FINISH FIGHT WANTED.

Fitzsimmons Won't Meet Corbett in a Limited Round Contest.

SAN FRANCISCO, Nov. 19.—In an interview with Magin Julian, manager of Robert Fitzsimmons, the pugilist, concerning the offer of President Genslinger of the New Bohemian Athletic club for a 20-round contest between Corbett and Fitzsimmons, Julian objected to a condition of the offer that "Honest" John Kelly should act as referee.

He further said: "The purse is a liberal one, to be sure, but it is for a 20-round go, and that is not the kind of a fight we are looking for with Corbett. We want to meet him to a finish. Corbett knows this as well as we do, and he knows further that no such fight can be handled in the state of New York. His speech in Boston indicates he is willing to go anywhere on earth to settle this business with Fitzsimmons, and I am satisfied an offer will be forthcoming before very long that will inform the sporting world where the men can be put into a ring to fight until one of them cries enough. Dan Stuart has got such a place, and there are others in the field looking for a battle ground as well as Stuart."

CHARGED WITH FRAUD.

New Phase of a Sensational Case at Sharon.

SHARON, Pa., Nov. 19.—A big sensation was caused here when Constable Templeton arrested Michael Lee on a charge of causing the death of Miss Maggie Reardon last September. Lee is one of the best known men in the city.

The warrant was issued by Justice T. O. Hazen of Sharpsville, on complaint of John Reardon, father of the dead girl. Mr. Lee was taken before Justice T. O. Hazen and was held in the sum of \$500 bail for his appearance this afternoon at 2 o'clock.

The crime with which he is charged was committed on Sept. 7. Miss Reardon was engaged to Mr. Lee, and that evening she met him near her sister's residence on Jefferson avenue. They remained until 4 o'clock in the morning, and as Lee testified, were returning home when they had a quarrel. Before he could prevent her she pulled a small pistol from her dress and shot herself in the breast, causing her death within a short time.

TALKED ABOUT LIGHT

The Price Seemed a Little Too High.

WILL INVESTIGATE A FEW DAYS

Before Making a Contract With the Ceramic City Company—Ninety Lights the Smallest Number to Be Considered at Present.

The board of improvements and light committee talked electric light for a short time last night, and decided to contract with no one until next Monday night in order that they might investigate the prices paid by other cities of similar size.

The information in the possession of the councilmen and other officials caused them to decide upon 90 lights, 24 more than the city has at present. As there will be no more money than is at present devoted to this purpose, the gentlemen could not understand how they were to make a contract at the rate offered. They want a contract for 90 lights for three years, and hope to reach some agreement with the company. The meeting was adjourned until next Monday, and in the meantime they will investigate, and see the price paid per light by other cities of similar population in Ohio. There were present Mayor Gilbert, Mr. Cuthbert, Mr. Finley, Mr. George, Mr. Kent and Mr. Stewart.

PLEASE LET US GO AND PLAY.

While working at my desk today, Striving to put my thoughts in rhyme, I heard my little children say "What I oft said in olden time, Before my hair had turned to gray, Before time's wrinkles creased my brow, Please, mother, do not keep us now, But let us go and play!"

Their plaintive voices came to me From the adjoining chamber, where Both wife and children I could see When seated in my easy chair. She kissed them tenderly, and they With joyous shouts went to their game. They could not hear my heart exclaim, "Oh, would that we could play!"

O God, I pray that thou wilt leave Their mother here until my boys Can comprehend that they but grieve Themselves when they leave her for toys! For their dear mother, when she prays For their dear mother, when she prays, How often they to her have said, "Please let us go and play!"

Aye, in this life from day to day Unknown to us oft dwell Our blessings, and but wish for pain When we scorn sacrifice for play. —Doone F. Lemmy in Washington Star.

GOT DAMAGES.

Officer Meehan Must Pay For Shooting a Man.

LISBON, Nov. 19.—[Special.]—Before court adjourned yesterday afternoon the jury rendered a verdict in the case of Risher against Meehan. The plaintiff was given \$562 damages. It will be remembered that Risher was shot while attempting to escape from Officer Meehan, and sued for \$1,000, holding Meehan's bondsman, J. N. Turner and H. Cooper, as defendants. The case was argued on a demurrer, and Judge Billingsley decided the bondsman were not responsible, but circuit court reversed the decision, and the case went to trial again.

The suit for \$1,000 filed four years ago by Samuel Parfitt against John W. Brant has been settled out of court. The plaintiff lived in Wellsville, and wanted damages for injured credit and reputation.

The cases of A. M. Ross against G. W. Menough, and C. W. Hummer against William Stewart, were taken from the docket.

Mrs. Laura Jordan has sued for divorce from her husband, F. S. Jordan, of Cleveland. The couple resided in this place, but have not lived together for several years.

SPIDERS IN BATTLE.

THEY CONDUCT THEMSELVES WITH ALMOST HUMAN INTELLIGENCE.

A Fight to the Finish Between a Black Tiger Spider and a Pair From the Gray Hill Tribe—The Bout by Roars—All "Put to Sleep," Though the Black Won.

In the quiet laboratory of a Ninth street chemist the other day there was enacted a little tragedy which afforded a demonstrated lesson in the etiquette of duels as it is conducted among the spiders. Few realize the intelligence these inconspicuous little creatures often display, and in fact few people besides scientists go to the trouble of spending an hour or so watching them.

The doctor espied a spider in the corner of the laboratory window sill. He probed a wide mouthed jar, and with a stick endeavored to push the spider into it. The insect turned savagely on it and darted quickly up the stick toward his hand. Stick and spider were dropped immediately on to the sill, from which in another instant the creature was scooped into the jar.

He lay sullen and bunched up at the bottom. His body was fully three-quarters of an inch long, the thorax mottled black and green, the abdomen purplish, round and marked with well defined stripes of black and yellow; the legs not very long, but stout, hairy and ending in unusually strong, double claws, while the head was armed with a pair of shining black mandibles that looked like small steel pinchers. One of the neighbors said afterward that it was a "tiger spider," and there was no question as to the aptness of the name. His behavior was so ugly and fierce that he made a good subject for testing the pugnacity of spiders with their kind.

The doctor was familiar with his own home, and having made the capture he went up into his own garret, where the walls and corners were profusely decorated with "will you walk into my parlor" contrivances. He singled out a typical web and proceeded. The mouth of the web was opened over quite a considerable area and ran back as a narrow tube, the whole being like the most delicately woven gray white silk. Throwing a tempting bait into the web in the shape of a fly, the doctor had no difficulty in sweeping two gray spiders into another jar.

He got a deep sided salad bowl and dumped the gray spiders in. They at once began running around the flat bottom, making wild dashes up the sides and tumbling over each other in their excited efforts to escape.

As soon as the tiger spider was shaken out of his pickle jar into the bowl the gray spiders ceased their wild actions and took up a crouching position at one side of the bowl bottom. The tiger spider made no effort to escape, but after one or two rapid reconnoiters of his surroundings squatted just across from and facing the hill tribers.

The first offensive movements came from the gray spiders. These were in the nature of slow advances and retreats along the circumference line of the bowl bottom, with the evident intention of taking the tiger spider on the flank. At each advance, however, the tiger spider sat up, resting on his four posterior and middle feet, while the two anterior legs were stretched out like the arms of a wrestler, and the strong caliper shaped jaws were opened to their fullest extent.

Suddenly one of the spiders made a characteristic but fatal dash. He seemed actually to leap at the big spider. But quick as the hill spider was, the tiger spider was equally so. As the long drab spider darted in, the big black and yellow fellow sprang up and faced him. The next instant they closed, and in a moment three of the hill spider's legs lay on the glass, and the tiger spider, holding his enemy in a bearlike hug, was burying his mandibles in the other's throat.

The killing had not been done, however, without receipt of injury on both sides. One yellow and black leg lay with the three drab ones, and there were two drops of black juice on the purplish abdomen of the tiger spider, which showed where the gray spider had planted his jaws in the rush.

Meanwhile, too, the second gray spider had not been idle, but was circling round and about the struggling pair. Then, seeing his opportunity, he dashed in, only to be faced by the burly fighter, who, to meet the new attack unnumbered, threw the body of the dead combatant from him with a gesture that was almost human.

The clinch did not follow so quickly this time. The gray spider succeeded in getting in and away, clipping off another yellow and black leg as he did so, but in the second rush he was caught, and the tiger spider's jaws were locked in his throat.

So ended the fight. The tiger spider held on to his second corpse so long and quietly that I thought him dead also, until I stirred him with my pen, when he staggered furiously against it, opened his jaws and rolled over, a corpse.—Cincinnati Commercial Tribune.

The New Woollens.

The winter's woollens are handsome and varied. Iridescent effects, rich heather mixtures and boucle effects are numerous, having, for example, a medium or dark woollen ground variegated by contrasting threads of silk, or the foundation is a blue or deep red, for instance, with a very shaggy raised design of glossy black wool on the surface. These materials will be much worn, with the small addition, perhaps, of a corded silk vest to match the silk intermixture or else the background. Very little decoration is needed for these showy textiles.

THE BEST PASSPORT.

It Is to Always Look Pleasant and Do No Grumbling.

"What is the first duty of a good traveler?" asked a young lady who was about to start from New York on an extended European tour.

"To look pleasant and never to grumble," was the answer of a veteran wanderer who had crossed the ocean 20 times and gone twice around the world.

It was a good prescription and will help to make a good traveler of any novice. The fatigue of the longest journey can be patiently endured if one can only be amiable and avoid the weariness that comes from fretting over what is unavoidable and worrying over trifles.

An American girl not long ago spoiled the pleasure of a party of tourists by complaining of everything on sea and on land. The ship was a dreadful roller, the cabins were badly ventilated, the cooking was abominable, the service was shocking, the officers were unkind, and the passengers were disagreeable and stupid! Nothing suited her, and she had not a good word for anybody. Every member of the party was indignant over her want of amiability.

"It makes me almost seasick merely to look at her!" exclaimed one of the ladies.

"Perhaps she will cheer up," was the charitable response, "when she reaches port."

But she was as unhappy on land as she had been at sea. She was angry with the customs officers and told them that they had mauled and ruined her best gown. She found fault with the lovely rural scenery between Southampton and London. She pronounced English cooking to be utterly vile. She inveighed bitterly against the weather and the climate. She was not interested in cathedrals, castles, palaces, pictures, colleges, ruins or country roads. She was bored by everything she saw.

One night she received a round robin signed by every other member of the party, expressing regret that she was not enjoying her journey and offering their sympathies in her vexations and discomforts. It was a bold stroke on the part of her friends, who were worn out by her tiresome peevishness. Fortunately it was not unsuccessful. Not another word of complaint was heard from her during the remainder of the tour.

A pleasant, cheerful face and manner that express kindness and good will make the best passport which a traveler can carry into a foreign country. They insure civility and courtesy from officials, fellow travelers and strangers and are an unfailing resource whenever there is any misadventure.—Youth's Companion.

Wealth of Actors.

The wealth of actors is generally overestimated. Joseph Jefferson, Sol Smith Russell, Joseph Murphy and William Crane are rich men, of whose solid fortunes there is little doubt. But most of them, like Nat Goodwin and Henry E. Dixey, while they make enormous sums, spend money as if they were possessed of Fortunatus' purse. They seem to go on the principle that governed Sarah Bernhardt, when, at one of her periodic auctions in Paris, she replied to somebody who protested against her prodigality: "I have my capital in me, and it will last as long as I do. When I lose it, I shall no longer be in need of money."—San Francisco Argonaut.

Two Tempting Offers.

One of the downtown clothiers has this advertisement, which he has displayed in several newspapers:

A patent medicine dealer, who caught sight of the ad. yesterday for the first time, said that he intended to immediately insert another notice beneath it, as follows:

"I will cure those fits cheap as dirt."—Syracuse Post.

When love knocks at a woman's heart he usually comes in disguise. Doesn't want it known what he's up to. If she knew all about the little rascal, would she let him in? That's a question.

Women are apt to look upon love and marriage as purely a matter of sentiment and affection. That is pretty nearly right; yet there is a practical side to it too; and the best way to preserve the ideal aspect of marriage and maternity is not to forget the practical part of it. A woman cannot be a thoroughly happy wife and mother unless the distinctive physical organism of her sex is in a healthy and vigorous condition. The best friend that woman ever had is the "Favorite Prescription" of Dr. R. V. Pierce, Chief Consulting Physician of the "Invalids' Hotel" and "Surgical Institute," Buffalo, N. Y. The "Prescription" is a perfect and infallible remedy for every form of "female weakness." It cures by restoring health and strength to the internal organism, which cannot be reached by "local applications." Thus the cure is radical, complete and constitutional.

Dr. Pierce's eminent reputation as a physician of wide learning; and his special knowledge of the delicate and intricate organism of women, accounts for the unparalleled confidence, which women place in his "Favorite Prescription," over every other remedy. Its use obviates the necessity of dreaded "examinations" and the stereotyped "local treatments."

Dr. R. V. Pierce, Dear Sir—I suffered fourteen years with female weakness, nervousness, and general debility, trying everything I could find to help me—all to no avail. I then heard of Dr. Pierce's medicines and although I was thoroughly discouraged, I thought I would try one of his "Favorite Prescriptions," and to my great surprise and joy, I found it gave me great relief. I am now free from the former troubles. Very sincerely yours, (Mrs.) Mary J. Stewart.

SHE READ THE PAPERS.

What Befel a Resident Who Acted Upon a Plan Suggested from Reading a Newspaper Item.

When the east end of the corporation was called Ohio City, long before the street cars connected it with East Liverpool, when residents out there either walked, rode or took the railway to go to the city, Mrs. Mary A. Hewitt, who now lives on St. George street, was a resident. If not personally known to everyone in East Liverpool, it is an easy matter for anyone interested to verify by an interview the facts contained in the following statement. Testimony from people we know, whom we can depend upon, is away ahead of a long-winded account of some cure that is said to have taken place in some remote part of the Union. What follows is East Liverpool evidence for East Liverpool people. Read it. Mrs. Hewitt says: "About six months ago I read in the Pittsburg Press an account of some one that had been cured of kidney disease in that city by using Doan's Kidney Pills. The fact of such an account being published of one living in almost the same place had a tendency to convince me that there must be some truth in it, and I determined to try them myself. Some years ago I had a very severe attack of rheumatism. For three months I lay helpless, and since then I have had trouble with my kidneys. For a year I suffered severely. My back was so bad that it felt as if I had a bad boil where the kidneys are. I could not bend over, lean back against a chair, or reach up. I could not lie on my back, and about every move I made caused pain. I had taken numerous remedies, but none brought the desired relief, while Doan's Kidney Pills did what no other remedy was able to do. I took them regularly for a short time, and found them to be all that the Pittsburg paper stated them to be. I can heartily recommend them. Since using them I am rid of the backache and other symptoms of kidney disease, and could not feel better." Plenty more such testimony as this is being published here in East Liverpool daily. Drop into the W. & W. Pharmacy and ask them what their customers say. They always keep a stock on hand.

Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box, or sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
